

Dear Senator Coons,

As one of your constituents and an AARP member, I urge you to ... oppose any attempt to cut Medicare benefits or shift even higher costs to older Americans ... and fight back against the increasing cost of prescription drugs. I also encourage you to update and strengthen Social Security to ensure that we receive the benefits we have earned.

Americans have paid into Medicare and Social Security over their lifetimes, and they count on these two programs for a healthy and secure retirement. And seniors should not be forced to choose between the medicines they need to enjoy active lives and basics such as food. Do the right thing, and act in the interests of your older constituents.

Sincerely,

(see attached list of petition signers)

Dear Senator Coons,

As one of your constituents and an AARP member, I urge you to ... oppose any attempt to cut Medicare benefits or shift even higher costs to older Americans ... and fight back against the increasing cost of prescription drugs. I also encourage you to update and strengthen Social Security to ensure that we receive the benefits we have earned. Do the right thing, and act in the interests of your older constituents.

Sincerely,

Dear Senator Coons,

As a constituent, I'm writing to urge you to speak out on the issue of health and retirement security by taking action to:

- stabilize Medicare without raising costs or cutting services;
- strengthen Social Security in a way that ensures that all Americans receive the benefits they earned;
- reduce the price of prescription drugs in the U.S. and hold down costs for consumers.

Americans pay into Medicare and Social Security throughout their working lifetimes. We should make sure we receive the benefits we were promised. And it is unforgiveable that so many retirees struggle to make ends meet and are forced to ration their medications or cut back in other areas such as food and rent.

Sincerely,

Dear Senator Coons,

As one of your constituents and an AARP member, I urge you to take action to strengthen and improve Medicare. Instead of raising costs for beneficiaries like me, I support commonsense solutions to lower costs by making this program more efficient. For example, the drug industry does not deserve sweetheart deals that prevent Medicare from negotiating lower drug prices. I have paid into Medicare over my lifetime with the expectation that promised benefits will be there for my health security. I expect you to keep that promise.

Sincerely,
