

Dear Senator Hirono,

"As your constituent and an AARP member, I urge you to act now to cut prescription drug prices for seniors and all taxpayers, and to protect Medicare and Social Security. As a first step towards lowering prescription drug prices, I urge you to support legislation that would allow Medicare to negotiate for lower drug prices and to stop drug companies from protecting their monopolies by keeping their competitors from bringing lower-priced drugs to market. These commonsense steps would help make sure Americans don't continue to pay the highest prescription drug prices in the world. And Americans have paid into Medicare and Social Security over their lifetimes, and they count on these two programs for a secure retirement. Do the right thing and act in the interests of your older constituents."

Sincerely,

(see attached list of petition signers)

Dear Senator Hirono,

As one of your constituents and an AARP member, I urge you to ... oppose any attempt to cut Medicare benefits or shift even higher costs to older Americans ... and fight back against the increasing cost of prescription drugs. I also encourage you to update and strengthen Social Security to ensure that we receive the benefits we have earned.

Sincerely,

I also encourage you to update and strengthen Social Security to ensure that we receive the benefits we have earned. Seniors should not be forced to choose between the medicines they need to enjoy active lives and basics such as food. And Americans have paid into Medicare and Social Security over their lifetimes, and they count on these two programs for a healthy and secure retirement. Do the right thing, and act in the interests of your older constituents.

Dear Senator Hirono,

Americans pay the highest prices for brand name prescription drugs in the world simply because Congress allows drug companies to dictate their own prices. Through their massive lobbying efforts and political campaign contributions, the big drug companies have monopolies that allow them to charge outrageous prices and laws that block Medicare officials from negotiating lower prices and prevent the importation of safe, affordable drugs from other countries. As one of your constituents and as an AARP member, I strongly urge that you act in the interest of your constituents ... not the drug companies ... and pass legislation that permits Medicare to negotiate reasonable prices, cracking down on the drug industry's monopolies and allowing for the safe importation of more affordable drugs.

Sincerely,

Dear Senator Hirono,

I urge you to act now to cut prescription drug prices for seniors and all taxpayers. As a first step, you should support legislation that will allow Medicare to negotiate for lower drug prices and to stop drug companies from protecting their monopolies by keeping their competitors from bringing lower-priced drugs to market. These commonsense steps would help make sure Americans don't continue to pay the highest prescription drug prices in the world.

Sincerely,

(see attached list of petition signers)

Dear Senator Hirono,

I urge you to ... oppose any attempt to cut Medicare benefits or shift higher costs to older Americans ... fight back against the increasing cost of prescription drugs ... and protect and strengthen Social Security. Older Americans count on programs like Medicare and Social Security for a healthy and secure retirement. Seniors should not be forced to choose between their medicines and basics such as food. Do the right thing, and act in the interests of your older constituents.

Sincerely,

(see attached list of petition signers)

Dear Senator Hirono,

As one of your constituents and an AARP member, I urge you to ... strengthen Medicare and oppose any attempt to cut these benefits ... update Social Security to ensure that older Americans receive 100% of the benefits we have earned ... and fight back against the rapidly-increasing cost of prescription drugs.

Americans have paid into Medicare and Social Security over their lifetimes, and they count on these two programs for a healthy and secure retirement. And seniors should not be forced to choose between the medicines they need to enjoy active lives and basics such as food. Do the right thing, and act in the interests of your older constituents.

Sincerely,

(see attached list of petition signers)
